RE: Violation PTI 148-08A, SC II.2

On October 27, 2017 roofing shingles from a commercial property were brought to the shingle yard in a dumpster rented from our dumpster rental company, On Demand Dumpster. All shingles accepted at the Shingle Yard are asphalt roofing shingles, used both in residential and commercial property.

As we have not processed shingles since 2017, no actions need to be taken at this time.

In the event we process shingles in the future, drivers for On Demand Dumpster will be educated that shingles from commercial properties need to go directly into container for landfill.

Sincerely,

A handwritten signature in black ink, appearing to read "Aaron Perrault".

Aaron Perrault, Owner
