**ENFORCEMENT NOTICE**

In the matter of:

State Crushing, Inc.  
25501 Sherwood Avenue  
Warren, Michigan 48091  
SRN: M3526, Macomb County

Mailing Address:  
State Crushing, Inc.  
2260 Auburn Road  
Auburn Hills, Michigan 48326

ATTENTION: Mr. R.J. Orozco, Owner

This letter is to advise you of the commencement of escalated enforcement action against State Crushing, Inc. (Company) for air quality violations that occurred at its facility located at 25501 Sherwood Avenue, Warren, Michigan. This letter follows the Violation Notices issued by the Michigan Department of Environmental Quality (MDEQ), Air Quality Division (AQD) on September 10, 2015, September 15, 2015, November 17, 2015 and January 8, 2016, outlining the alleged violations for operating concrete crushing equipment and failing to comply with the federal New Source Performance Standards (NSPS) for Nonmetallic Mineral Processing Plants, Title 40 of the Code of Federal Regulations Part 60, Subpart OOO and Permit to Install No. 154-12.

The AQD is hereby providing the Company with an opportunity to demonstrate compliance, present factual information in writing that should be considered regarding the violations and meet to discuss options for satisfactorily resolving the violations. This proposed resolution would include, among other things, a compliance schedule and an appropriate monetary penalty. Please contact me no later than Tuesday, February 2, 2016, to schedule a meeting to discuss the resolution of this matter.

Be advised that failure to respond to this Enforcement Notice in a timely manner and adequately resolve or address the cited violations may result in further enforcement proceedings including, but not limited to, referral of the matter to the Department of Attorney General (MDAG) for commencement of civil litigation. Be further advised that this Enforcement Notice does not preclude or limit the MDEQ's ability to initiate any other enforcement action under federal or state law as appropriate.

Sincerely,

Jenine Camilleri  
Enforcement Unit, Air Quality Division
