FACILITY: LUCE COUNTY ROAD COMMISSION		SRN / ID: N1589
LOCATION: 401 W HARRIE, NEWBERRY		DISTRICT: Upper Peninsula
CITY: NEWBERRY		COUNTY: LUCE
CONTACT: Eddie McPherson , Manager		ACTIVITY DATE: 03/28/2016
STAFF: Joel Asher	COMPLIANCE STATUS:	SOURCE CLASS: MINOR
SUBJECT: Waste oil furnace		
RESOLVED COMPLAINTS:		

On 3/28/2016 I conducted an unannounced inspection of this facility. My primary contact was Mr. Eddie McPherson, the shop manager. Mr. Bill McNamara has retired.

The facility continues to collect waste oil generated from onsite repairs and burn it in their waste oil furnace. This is used to help heat the shop.

Waste oil sample LUCE-1 was obtained from the storage tank that feeds the furnace. This will be submitted to the laboratory for analysis. Final determination of compliance will be made upon receipt of the laboratory results.

On 4/12/16 the results were received from the laboratory. These results show waste oil sample #LUCE-1 was within acceptable parameters.

This facility is found to be in compliance of the Air Pollution Control Rules.
