FACILITY: ITW Dahti Seating		SRN / ID: N3009
LOCATION: 206 Byrne Industrial Drive, ROCKFORD		DISTRICT: Grand Rapids
CITY: ROCKFORD		COUNTY: KENT
CONTACT: Eric WiederHoeft, Plant Manager		ACTIVITY DATE: 07/25/2018
STAFF: David Morgan	COMPLIANCE STATUS: Compliance	
SUBJECT:		SOURCE CLASS: MINOR
RESOLVED COMPLAINTS:		

At 11:00 A.M. on July 25, 2018, Air Quality Division (AQD) staff Dave Morgan conducted an unannounced inspection of ITW Dahti Seating located at 206 Byrne Industrial Drive in Rockford. The purpose of the inspection was to determine the facility's compliance with state and federal air pollution regulations. Accompanying AQD staff was Eric WiederHoeft, Plant Manager.

FACILITY DESCRIPTION

ITW Dahti manufacturers plastic seating components primarily for Herman Miller. The facility consists of injection molding machines and associated support equipment.

COMPLIANCE EVALUATION

Plastic Injection:

The company has 27 plastic injection molding machines that use nylon or thermoplastic polyurethane plastics. These injection molding machines are exempt from air use permitting under Rule 286(2)(b). All plastic resin handling, storage and drying equipment at the facility is also exempt from air use permitting.

Laser Cutting:

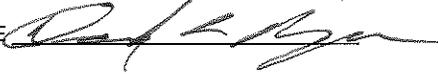

The company has one laser cutting unit used to cut out plastic parts. This unit is controlled by a smog hog dust collector which is vented out of the building. This unit is exempt from air use permitting under Rule 285(2)(l)(vi).

There were no other regulated air contaminant processes at the facility.

EVALUATION SUMMARY

ITW Dahti Seating is in compliance with state and federal air pollution regulations.
