

DEPARTMENT OF ENVIRONMENTAL QUALITY
 AIR QUALITY DIVISION
 ACTIVITY REPORT: Self Initiated Inspection

N341327614

FACILITY: AMERICAN TIN & SOLDER		SRN / ID: N3413
LOCATION: 800 STATE ST, KINGSFORD		DISTRICT: Upper Peninsula
CITY: KINGSFORD		COUNTY: DICKINSON
CONTACT:		ACTIVITY DATE: 10/29/2014
STAFF: Joel Asher	COMPLIANCE STATUS:	SOURCE CLASS:
SUBJECT: Determination if plant is still operational.		
RESOLVED COMPLAINTS:		

The last entry in the plant file is dated 11/7/1996 by Mr. Warren Dellies. The facility was issued PTI # 1393-91 for a dust collection system for their 3 cast iron melting pots.

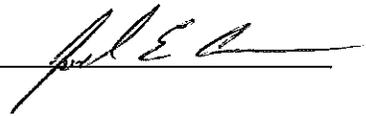

On 10/29/2014 I conducted an unannounced inspection of this facility. A different business is now located at 800 State Street in Kingsford. I talked with Ms. Marcia Peterson of Saber Culligan (now located at the site) and she was not aware of what used to be at the site. She suggested I contact the property owner, Mr. Dan Saber (312 420-2285).

On 10/30/2014 I contacted Mr. Saber. He stated he had not heard of American Tin & Solder Co. He did not purchase the property from them but thought the property had changed hands several times in the past several years.

The phone number listed on the permit application is disconnected.

This facility appears to be out of business and a request will be made to void PTI # 1391-91.
