

DEPARTMENT OF ENVIRONMENTAL QUALITY
AIR QUALITY DIVISION
ACTIVITY REPORT: Scheduled Inspection

N405233163

FACILITY: SKYLINE BOATS		SRN / ID: N4052
LOCATION: 300 SLEESEMAN DR, CORUNNA		DISTRICT: Lansing
CITY: CORUNNA		COUNTY: SHIAWASSEE
CONTACT:		ACTIVITY DATE: 02/01/2016
STAFF: Julie Brunner	COMPLIANCE STATUS: Compliance	SOURCE CLASS:
SUBJECT: Scheduled inspection for Skyline Boats. One active permit: 272-94.		
RESOLVED COMPLAINTS:		

On 2/1/2016, AQD staff conducted a scheduled inspection of Skyline Boats located at 300 Sleseman Drive, Corunna. A search using on-line resources indicated that Advanced Air Technologies was now located at the address. No evidence of the existence of Skyline Boats was identified in the immediate area and this facility appears to no longer be in existence.

I also stopped in at Advanced Air Technologies and talked to an employee that had no knowledge of Skyline Boats ever operating at the location. Advanced Air Technologies has operated at 300 Sleseman Drive since 2004. The facility supplies air pollution control equipment but does not appear to manufacture the equipment at this location. No air emitting processes were identified. The surrounding neighborhood is a mix of commercial and industrial with Machine Tool & Gear located directly to the east of Advanced Air Technologies.

It is recommended that PTI 272-94 issued July 18, 1994 be voided for former Skyline Boats that was located at 300 Sleseman Drive, Corunna.
