Mr. Tyler Salamasick
DEQ, AQD
Grand Rapids District
350 Ottawa Avenue NW, Unit 10
Grand Rapids, MI 49503

RE: SRN: N5883, Ottawa County

Dear Mr. Salamasick,

This letter is in response to your Violation Notice letter dated, July 26, 2018.

Dates the violation occurred:

June 2016 – June 2018

An explanation of the causes and duration of the violation:

During this period we saw a sharp influx of business which was unpredicted.

Whether the violation is ongoing:

Since March 2018 we have been at or below our permit limit of 4.0. With the current slow down, the month of August is also looking to be at or below the limit.

Summary of the actions that have been taken and/or are proposed to be taken to correct the violation:

Currently our business has been slowing down over the last 5 months which means that we have been using less acetone. We will continue to monitor this emission and should future business start to rise we will consider modifying the acetone limit within our air permit.

Thank you for your time and it was a pleasure meeting you. If you need anything additional please feel free to contact me.

Sincerely,

CHRISTENSEN FIBERGLASS TOOLING, LLC.

Shelly M. Christensen
