### BACKGROUND

SRG Global was a former chrome plating facility, plating for the automotive industry.

### COMPLAINT/COMPLIANCE HISTORY

No complaints have been received regarding this facility. No VN's have been issued for this facility.

### PROCESS EQUIPMENT AND CONTROLS

Currently, this facility has no operations occurring. The former chrome plating process, including approximately 74 tanks and a ventilation system has been removed from the facility. The roof has been repaired from where the ventilation equipment was removed.

### INSPECTION NARRATIVE

On Friday April 14, 2023 I drove past the facility and observed the parking lot was vacant and it appeared no operations were occurring at this location.

After communicating with Mr. Jim Herrmann, we met at the facility on Friday April 21, 2023 at 9:30 am. When I arrived at the facility, I was told that production was stopped on November 7, 2022 and the equipment was removed on about December 26, 2022. I observed a large empty space where the equipment had once been located.

### APPLICABLE RULES/PERMIT CONDITIONS

**This facility was operating under PTI 159-97B. This permit has been voided per the request of the facility after the equipment was removed.**

**MAERS REPORT REVIEW**

NA

**FINAL COMPLIANCE DETERMINATION**

**SRG Global is no longer operating at this location. All equipment was removed and all operating permits have been voided.**
