ENFORCEMENT NOTICE

In the matter of:

Pioneer Metal Finishing
24600 Industrial Highway
Warren, Michigan 48089-4346

SRN: N6388; Macomb County

ATTENTION: Mr. Eric Rosenberg, Warren Campus Manager

This letter is to advise you of the commencement of escalated enforcement action against Pioneer Metal Finishing for violations that occurred at its facility located at 13251 Stephens Road in Warren, Michigan, under Permit to Install (PTI) No. 168-07 and PTI No. 151-05. This letter follows the Violation Notice issued by the Department of Environmental, Quality Air Quality Division (AQD), on September 25, 2014, that outlines the alleged violations. This enforcement notice is for failing to maintain the catalytic oxidizer and comply with the recordkeeping requirements for the hazardous air pollutants emission calculations.

The alleged violation against the company is federally enforceable and is considered a High Priority Violation (HPV) by the United States Environmental Protection Agency (USEPA). The HPV designation means that the USEPA places a priority on enforcing the regulations governing this violation and on formally resolving alleged violation.

AQD is hereby providing the company with an opportunity to meet to discuss options for satisfactorily resolving the mentioned violation, to demonstrate compliance, and to present factual information in writing that should be considered regarding the violation. This proposed resolution would include, among other things, a compliance schedule and an appropriate monetary penalty.

Be advised that failure to respond to this Enforcement Notice and adequately resolve or address the cited violation may result in further enforcement proceedings, including, but not limited to, referral of the matter to the Michigan Department of Attorney General for commencement of civil litigation. Be further advised, that this Enforcement Notice does not preclude or limit the AQD's ability to initiate any other enforcement action under federal or state law as appropriate.

Sincerely,

Jenine Camilleri
Enforcement Unit, Air Quality Division
