Dear Tim Dyer:

**SECOND VIOLATION NOTICE**

On September 22, 2022, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), conducted an inspection in response to an odor complaint at Cutting Edge Abrasives, LLC, located at 4455 Airwest Drive SE, Kentwood, Michigan. The purpose of the inspection was to determine Cutting Edge Abrasives, LLC's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended; and the Air Pollution Control Rules.

On September 23, 2022, the AQD sent Cutting Edge Abrasives, LLC a Violation Notice citing a violation discovered as a result of the inspection and requested your written response by October 14, 2022. A copy of that letter is enclosed for your reference. We received a response on October 11, 2022, which indicated that a Permit to Install (PTI) application would be submitted. An incomplete PTI application was received by the AQD and on November 9, 2022, a letter was both emailed and mailed identifying what information was needed for the application to be considered complete. The additional information was due by November 28, 2022; however, no response has been received.

Please be advised that failure to submit a complete PTI application for the styrene abrasive resin molding process at Cutting Edge Abrasives, LLC may result in escalated enforcement action by the AQD. Please submit a new complete PTI application to the Permit Section by December 14, 2022, which corresponds to 14 days from the date of this letter.

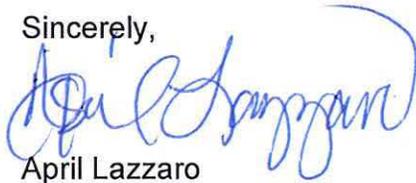

Please send a copy of the complete application to EGLE, AQD, Grand Rapids District, at 350 Ottawa Avenue NW, Unit 10, Grand Rapids, Michigan 49503 and submit a copy to Jenine Camilleri, Enforcement Unit Supervisor at EGLE, AQD, P.O. Box 30260, Lansing, Michigan 48909-7760.
