

# CUSTOM CRUSHING & RECYCLE

978 64th Street S.W., Byron Center, Michigan 49315 • Phone (616) 249-3329 • Fax (616) 656-3645

Oct. 11, 2022

To whom it may concern,

On Sept. 22, 2022 our plant was observed at 2360 Getty St. in Muskegon. It was an over sight on my part due to so many demands from our customers during the summer/fall season for product to be made for their jobs. We had just recently moved in on Sept 16, 2022 and began on Tues. of the following week after a few repairs and set up. I immediately sent in a relocation form when it was brought to my attention.

We will try to be much more diligent in the future and employees have been made aware that communication is of the utmost importance.

Thank you

Julie Fennema/CCR
