CITY: WAKEFIELD		COUNTY: GOGEBIC
CONTACT: TARA WETZEL, ENVIRONMENTAL ENGINEER		ACTIVITY DATE: 05/11/2020
STAFF: Sydney Bruestle	COMPLIANCE STATUS: Compliance	SOURCE CLASS: SM OPT OUT
SUBJECT: Compliance determination to verify Plant 52 is meeting the requirements of PTI 80-02A and all other applicable state and federal air quality regulations		
RESOLVED COMPLAINTS:		

On May 11, 2020 I (Sydney Bruestle) submitted a records request to Mathy Construction Plant 52, a portable asphalt plant operating under permit to install (PTI) 80-02A. I submitted the request via email to Patrick Paulino, of Mathy Construction. Mr. Paulino responded to the request stating plant 52 has never operated in Michigan but the plant is operated regularly in Wisconsin. Mathy Construction would like to maintain PTI 80-02A for future operation in Michigan, there are no current plans. Mr. Paulino continues to submit MAERS reports for plant 52 marking the did not operate box in the system.

At this time it appears Mathy Construction Plant 52 is in compliance with PTI 80-02A and all other applicable state and federal air quality regulations.
