To Whom It May Concern;

On July 3<sup>rd</sup>, 2019 our facility was burning wooden pallets at the back of our property. We were informed that this violated the open burning rules in the state of Michigan and that we needed to cease this immediately. Cody Yazzie was helpful in answering our questions and educating us on the rules and regulations.

Moving forward we will no longer be burning our wooden pallets on site and have contacted a company that will come and pick them up for us. This will no longer be an issue for us here at Pratt and we appreciate the helpfulness and education on such laws.

If there are any further questions, please do not hesitate to ask.

Thank you,
