LOCATION: 440 POINTE TREMBLE RD, ALGONAC		DISTRICT: Southeast Michigan
CITY: ALGONAC		COUNTY: SAINT CLAIR
CONTACT: Mike Cox , Geologist		ACTIVITY DATE: 07/18/2018
STAFF: Joe Forth	COMPLIANCE STATUS: Compliance	SOURCE CLASS: Minor
SUBJECT: On-site Inspection		
RESOLVED COMPLAINTS:		

On July, 18, 2018, I, Joseph Forth, Michigan Department of Environmental Quality-Air Quality Division (MDEQ-AQD) Staff, conducted a scheduled inspection at Speedway Super America, LLC located at 440 Pointe Tremble Rd, Algonac, MI 48001. The purpose of the inspection was to determine the facility's compliance with, the Federal Clean Air Act; Article II, Part 55, Air Pollution Control of Natural Resources and Environmental Protection Act, 1994 Public Act 451, and Permit to Install (PTI) No. 226-08.

This permit was for a remediation project at the Speedway gas station. Before visiting the facility I contacted Mike Cox, a consultant Geologist with ATC Group Services, LLC to check on the status of the remediation effort. Mr. Cox informed me that the equipment had never been installed, and that due to the permit terms of non-installation with 18 months of issuance that they approve of voiding the permit. Email from Mr. Cox is attached. I would visit the location to confirm that the equipment was no longer at the premises.

I arrived at the facility at 3:00 pm. I walked around the property to look for any remediation equipment, which I did not find.

I left the facility at 3:15 pm.

Compliance

The facility appears to be compliant with the federal Clean Air Act, Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 Public Act 451; Michigan Department of Environmental Quality, Air Quality Division (MDEQ-AQD) rules.

The process originally permitted by PTI No. 226-08 is no longer taking place and the equipment is no longer at the location. An email was sent to the permit section of AQD to void PTI No. 226-08 (see attached).
