

DEPARTMENT OF ENVIRONMENTAL QUALITY  
AIR QUALITY DIVISION  
ACTIVITY REPORT: Self Initiated Inspection

P080438943

FACILITY: Tractor Supply Company		SRN / ID: P0804
LOCATION: 4646 I 75 Business Spur, SAULT S MARIE		DISTRICT: Upper Peninsula
CITY: SAULT S MARIE		COUNTY: CHIPPEWA
CONTACT: AARON SABISCH , ASSISTANT MANAGER		ACTIVITY DATE: 03/14/2017
STAFF: Joel Asher	COMPLIANCE STATUS: Compliance	SOURCE CLASS:
SUBJECT: DEQ, OWM&RP list of potential facilities that collect off-site waste oil.		
RESOLVED COMPLAINTS:		

The DEQ Waste Management & Radiological Protection Division provided the AQD a list of facilities that accept waste oil from off site. One of the sites was Tractor Supply Company located at 4646 I75 Business Spur, Sault Ste Marie, MI.

On 3/14/17, I conducted an unannounced inspection of this facility. My contact was Mr. Aaron Sabisch, Assistant Manager of the store. Mr. Sabisch stated the facility does accept waste oil generated off-site. However, it is not well advertised and they do not receive much from the public. A log is kept of all materials accepted and was observed with names and amounts accepted. Any damaged products from the store are also collected.

All materials are collected in a tank that is kept outside in a secure area. Mr. Sabisch stated materials are only dumped into the tank with employee supervision. Safety Kleen stops by and empties the tank as needed. Mr. Sabisch stated collections have been occurring since before he started working here two years ago.

The facility does not burn any of the oil and no waste oil furnace is on site.

This facility is in compliance with the Air Pollution Control Rules and can be removed from the district inspection database.
