GRETCHEN WHITMER
 GOVERNOR

LIESL EICHLER CLARK
 DIRECTOR

June 4, 2019

Mr. John Sears, Member
 SC Environmental Services LLC
 106 Island Avenue
 Lansing, Michigan 48910

SRN: P0951, Genesee County

Dear Mr. Sears:

VIOLATION NOTICE

On May 10, 2019, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), conducted an inspection of SC Environmental Services, LLC (SC Environmental Services) located at 5252 North Dort Highway, Flint, Michigan. The purpose of this inspection was to determine SC Environmental Services' compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and the conditions of General Permit to Install (PTI) number 38-19.

During the inspection, staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
FGCRUSHING, a portable non-metallic mineral crusher	PTI No. 38-19, Special Condition FGCRUSHING No. 1.5	Four concrete blocks with an asphaltic coating suspected of containing asbestos were previously identified on a pile of raw material. The coating was sampled and one sample confirmed the presence of asbestos.
FGCRUSHING, a portable non-metallic mineral crusher	General PTI No. 38-19, SC FGCRUSHING No. 1.13 c	As measured in mapping program, crusher was within 500 feet of nearest businesses.

Prior to this inspection, on April 16, 2019, Mr. Craig Dechy of AQD's Technical Programs Unit, had observed the presence of four concrete blocks with an asphaltic coating within a pile of raw material that appeared to be supplying the crusher. Mr. Dechy collected samples off of the concrete blocks and one of the samples confirmed the presence of asbestos, as determined by polarized light microscopy.

This is a violation of Special Condition (SC) FGCRUSHING No. 1.5 of General PTI No. 38-19, which states: The permittee shall not crush any asbestos tailings or asbestos containing waste materials, as defined by the National Emission Standards for Hazardous Air Pollutants regulations, in FGCRUSHING.

Mr. John Sears
SC Environmental LLC

Additionally, it has been determined that the location of the crusher, at 5252 North Dort Highway, in Flint, is within 500 feet of businesses located to the northwest and south of the crusher. This is a violation of SC FGCRUSHING No. 1.13 c, which states: The crusher(s) shall be located a minimum of 500 feet from any residential or commercial establishment or place of public assembly.

Please initiate actions necessary to correct the cited violations and submit a written response to this Violation Notice by June 25, 2019, (which coincides with 21 calendar days from the date of this letter). The written response should include: the dates the violations occurred; an explanation of the causes and duration of the violations; whether the violations are ongoing; a summary of the actions that have been taken and are proposed to be taken to correct the violations and the dates by which these actions will take place; and what steps are being taken to prevent a reoccurrence.

Please submit the written response to EGLE, AQD, Lansing District, at Constitution Hall, 525 West Allegan Street, First Floor South, P.O. Box 30242, Lansing, Michigan 48909 and submit a copy to Ms. Jenine Camilleri, Enforcement Unit Supervisor at EGLE, AQD, P.O. Box 30260, Lansing, Michigan 48909-7760.

If SC Environmental Services believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violations cited above and for the cooperation that was extended to me during my inspection of SC Environmental Services. If you have any questions regarding the violations or the actions necessary to bring this facility into compliance, please contact me at the number listed below.

Sincerely,

Daniel A. McGeen
Environmental Quality Analyst
Air Quality Division
