Facility Staff Present: Donna Flemons, Customer Service Representative

EGLE-AQD Staff Present: Todd Zynda and John Harrison, Air Quality Division, Detroit District Office

Time of Investigation: 10:52 AM to 11:00 AM

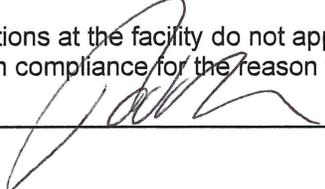

Summary of Facility Visit and Compliance Status:

Bearing Headquarters Co. located at 11800 Belden Court, Livonia, Michigan, was identified as a targeted inspection for 2019 due to the close proximity to ambient air trichloroethylene (TCE) concentrations that were detected as part of the Ford Beacon Project indoor air monitoring at addresses along Belden Court. For information regarding the ambient air sampling conducted as part of the Ford Livonia Transmission Plant remedial investigation, please see SRN A8645, MACES report CA_A864547612. There are no records of air quality permits on file for this facility.

On August 29, 2019 Mr. Todd Zynda and Mr. John Harrison arrived at 10:52 AM at 11800 Belden Court and were greeted by Ms. Donna Flemons, Customer Service Representative. According to Ms. Flemons, Bearing Headquarters Co. is a distributor of bearings for the steel mill industry and automotive industry. The facility consists of office space and a warehouse/storage area for bearing equipment.

According to Ms. Flemons, the facility does not operate any of the following equipment: boilers, cold cleaners, or emergency generators.

Operations at the facility do not appear to be subject to air quality rules or regulations. The source is considered to be in compliance for the reason that no air emissions activity occurs at this address.
