Kalamazoo, MI 49009

To Whom It May Concern:

On May 10th, 2021 Totzke Farms received a notice of violation of rule 310: open burning: SRN: U142102218, in Cass County, Michigan. It was brought to our attention that an employee had burned cardboard at our location. The date of this violation was on May 5th, 2021. We believe this violation to be a one-time occurrence and is not an ongoing issue.

Since this violation was brought to our attention, we have taken several steps to prevent this situation from happening again. We have provided employee training to ensure all of our employees are aware that no open burning is allowed on the premise of Totzke Farms. The burning receptacle that was meant simply as a collection bin has been removed from this location. This action was taken immediately after learning of the violation on May 11th, 2021.

We strongly feel that the proper training provided and the removal of the collection bin will prevent this violation from happening again. Should you have any questions or need to discuss further, please feel free to contact me at (269)757-1007.

Thank you:

A handwritten signature in black ink, appearing to read "Nick Totzke".
