Re: Faukwood Golf Course
300 Hughes Rd, Howell

Dear Craig,

Per our earlier conversation I mentioned to you that before I commenced the demolition, I asked the owner Singh Development about the requirement of a asbestos survey. I was told by Sarwan Grewal that the local municipality that issued the demolition permit said that they were treating this clubhouse that was formally a house as a residential structure & that an asbestos survey was not required.

In the future I will do more follow up & not merely rely on the property owner who I believed operated with good & honest intentions.

Sincerely,
