RE: Notice of Violation SRN: U632105043
Titan Concrete/ LLC
6497 East 10 Mile Road
Centerline, Michigan 48015

Dear Mr. Ahammod:

Titan Concrete LLC is in receipt of your Violation Notice (Fugitive Dust) dated September 20, 2021 stemming from your onsite inspection on September 1, 2021. Based on your inspection we offer the following response.

Titan Concrete LLC. has since added additional measures described below to prevent fugitive dust at the Site.

These measures include the following:

1. Increasing the frequency of applying dust suppressant to the site particularly on dry or windy days.
2. Street /Site sweeping will be added to our recently paved areas.
3. As the site is in its final stages of construction, additional concrete will be poured to alleviate the "open dirt areas" at the Site.

We are confident that these measures will eliminate the fugitive dust issues at the Site.

Should you require additional information or have further questions please contact me 734 -301-6376

Sincerely,

Terry Tepfenhart
Area Manager
