SRN/ID: U502403735; Macomb County

Dear Mr. Howe:

We are responding to the violation notice SRN/ID: U502403735; Macomb County from July 3, 2024.

We were hired by Group 5/Tobin Group LLC. Who were the general contractors on the job in question. We strictly provided equipment and operators to remove debris from a fire. The general contractors were responsible for all necessary permits, inspections and testing. We were under the understanding that all necessary permits, inspections and testing were in place and the job was ready to begin.

An Asbestos Neshap Survey Report was completed (see attachment to email) on May 6, 2024 prior to us starting the job. When Ms. Bell notified us on June 27, 2024, that there was a possible violation we stopped work immediately and were in constant communication with Ms. Bell until the matter was rectified.

Sincerely,

A handwritten signature in black ink, appearing to read "Nicholas Capozzo", is written over a light blue horizontal line.

Nicholas Capozzo
