Dear Ms. Slaughter:

VIOLATION NOTICE

On April 26, 2018, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an odor evaluation in the area surrounding Dave Hausbeck Trucking, Inc. (DHT) located at 2695 West Vassar Road, Reese, Michigan. The purpose of this inspection was to determine DHT's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and to investigate a recent complaint received on April 26, 2018, regarding foul odors attributed to DHT's beneficial use 3 material pile operations.

During the inspection, staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
Beneficial Use 3 Material Piles	R 336.1901	Distinct and definite objectionable earthy-musty-rotting odor

In the professional judgment of AQD staff, the odors that were observed were of sufficient intensity, frequency, and duration to constitute a violation of Rule 901.

The AQD staff detected odors at the Beacon & Bridge Gas Station (2950 West Vassar Road) and near the DHT site property line southwest of the intersection of East Washington Road and West Vassar Road.

Please initiate actions necessary to correct the cited violation and submit a written response to this Violation Notice by May 23, 2018 (which coincides with 21 calendar days from the date of this letter). The written response should include: the dates the violation occurred; an explanation of the causes and duration of the violation; whether the violation is ongoing; a summary of the actions that have been taken and are proposed to be taken to correct the violation and the dates by which these actions will take place; and what steps are being taken to prevent a reoccurrence.

Ms. Sarah Slaughter
